Today, November 22nd, 1963, I was with Ronald Fischer, and we were on the corner at Elm and Houston, and I happened to look up there at the building, the Texas School Book Depository Building, and I saw a man culturing, the Texas Sundon most appearance mainting, and I see a man at the window on the fifth floor, the window was wide open all the ways there was a stack of boses around him, I could see. Bob remarked that there was a stack of boses around him, I could see. Bob remarked that he must be hiding from sunbody. I noticed that he had on a sport with the must be hiding from sunbody. I noticed that he had on a sport with the was light colleved, I was wellow or white, something to that offert, and his hair was rather short; I thought he might be something around truoty-six, as near as I could tell.

The motorcade rounded the corner about this time, and then I thought I heard four shots, but it never occurred to us what it was. The shots seemed to come from that building there.
